Dear Brother!
God's peace!

Thank you for the letters I have received from you it pleases me to hear that you are doing well. Here in old Norway and at Stjørdalen we are doing well we can say that sofar the Lord has helped praised be his name, we have enough food still and I'm sure the lord wil provide for his own on the wicked day. Konrad has been a little ill but is well now my wife is a little ill but we think it will pass soon the lord willing, We have little activity here now, but god's spirit is working among our people several have come to jesus around the country this winter and we think more will follow. we pray for the times of comfort over our area as well but sofar the Lord has withheld his hand Svorkmo is operating on the other side of the ocean now where he is now I don't know may he feel the power from above.

Be faithful on your post brother for jesus is coming soon! And then we are free and will see him as he is, with his pierced hands then there will be eternal joy halleluja may we take a few to Heaven with us. live well in jesus and his grace till we meet in the sky with our saviour thanks and praise

Greetings with Rev. 21: 27.
